About

INTEGRA MIRROR TV

The specialists in creating bespoke displays in the UAE providing solutions since 2008, Integra manufactures Mirror TVs and display panels integrated with glass substrates to create truly impeccable work of art catering towards the regional requirements. We offer a comprehensive solution by combining luxurious design with highly functional TVs that can easily be accentuated in any interior environment

With over 1,500 unique installations made across the regions we have our Mirror TVs installed in a gamut of applications in the residential, commercial, hospitality and retail sector and have a full-fledged in-house team of designers, project managers, production specialists and installation crew to undertake any requirement.

Our SERVICES

Integra is one stop solution for all bespoke display system solutions. Our Mirror TVs are processed in house and our specialized services consists of :

- Preparation of Renders and Designs of Mirror TV requirements.
- We conduct surveys to determine the client's requirements.
- A dedicated project management team.
- A full-fledged joinery team to support bespoke requirements.
- Integra has an in-house installation team.
- For exports, we pack our products in wooden crates and ensure safety of items during transit.
- Providing After sales service and support

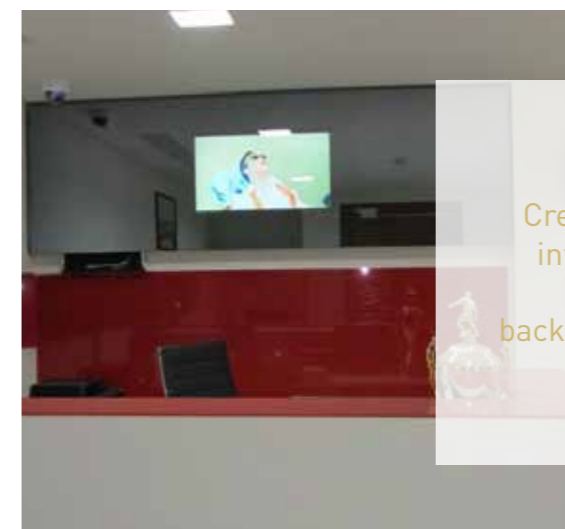

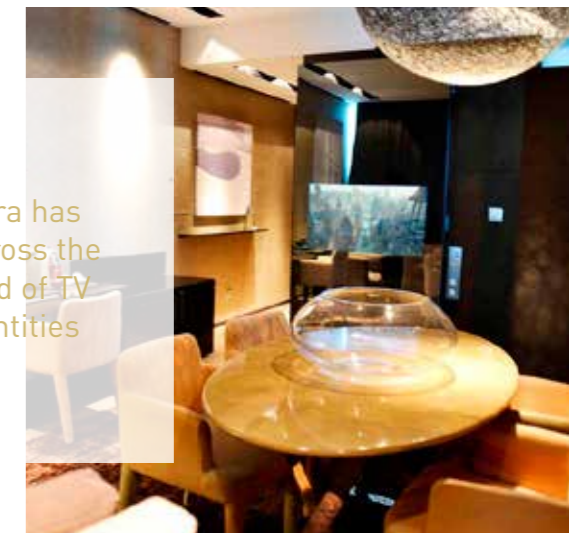

RESIDENTIAL

Mirror TVs and Bespoke Display systems from Integra accentuates the design and aesthetic appeal in a residential environment. Our range of decorative frames comes in classical, oriental and contemporary finishes and our bespoke units are tailor made to specific requirements.

HOSPITALITY

A perfect solution for Hotels, Mirror TVs from Integra has been installed in several 4 and 5 star properties across the region. Our system can be integrated with any brand of TV and offer the most competitive pricing through quantities realized in the hospitality sector.

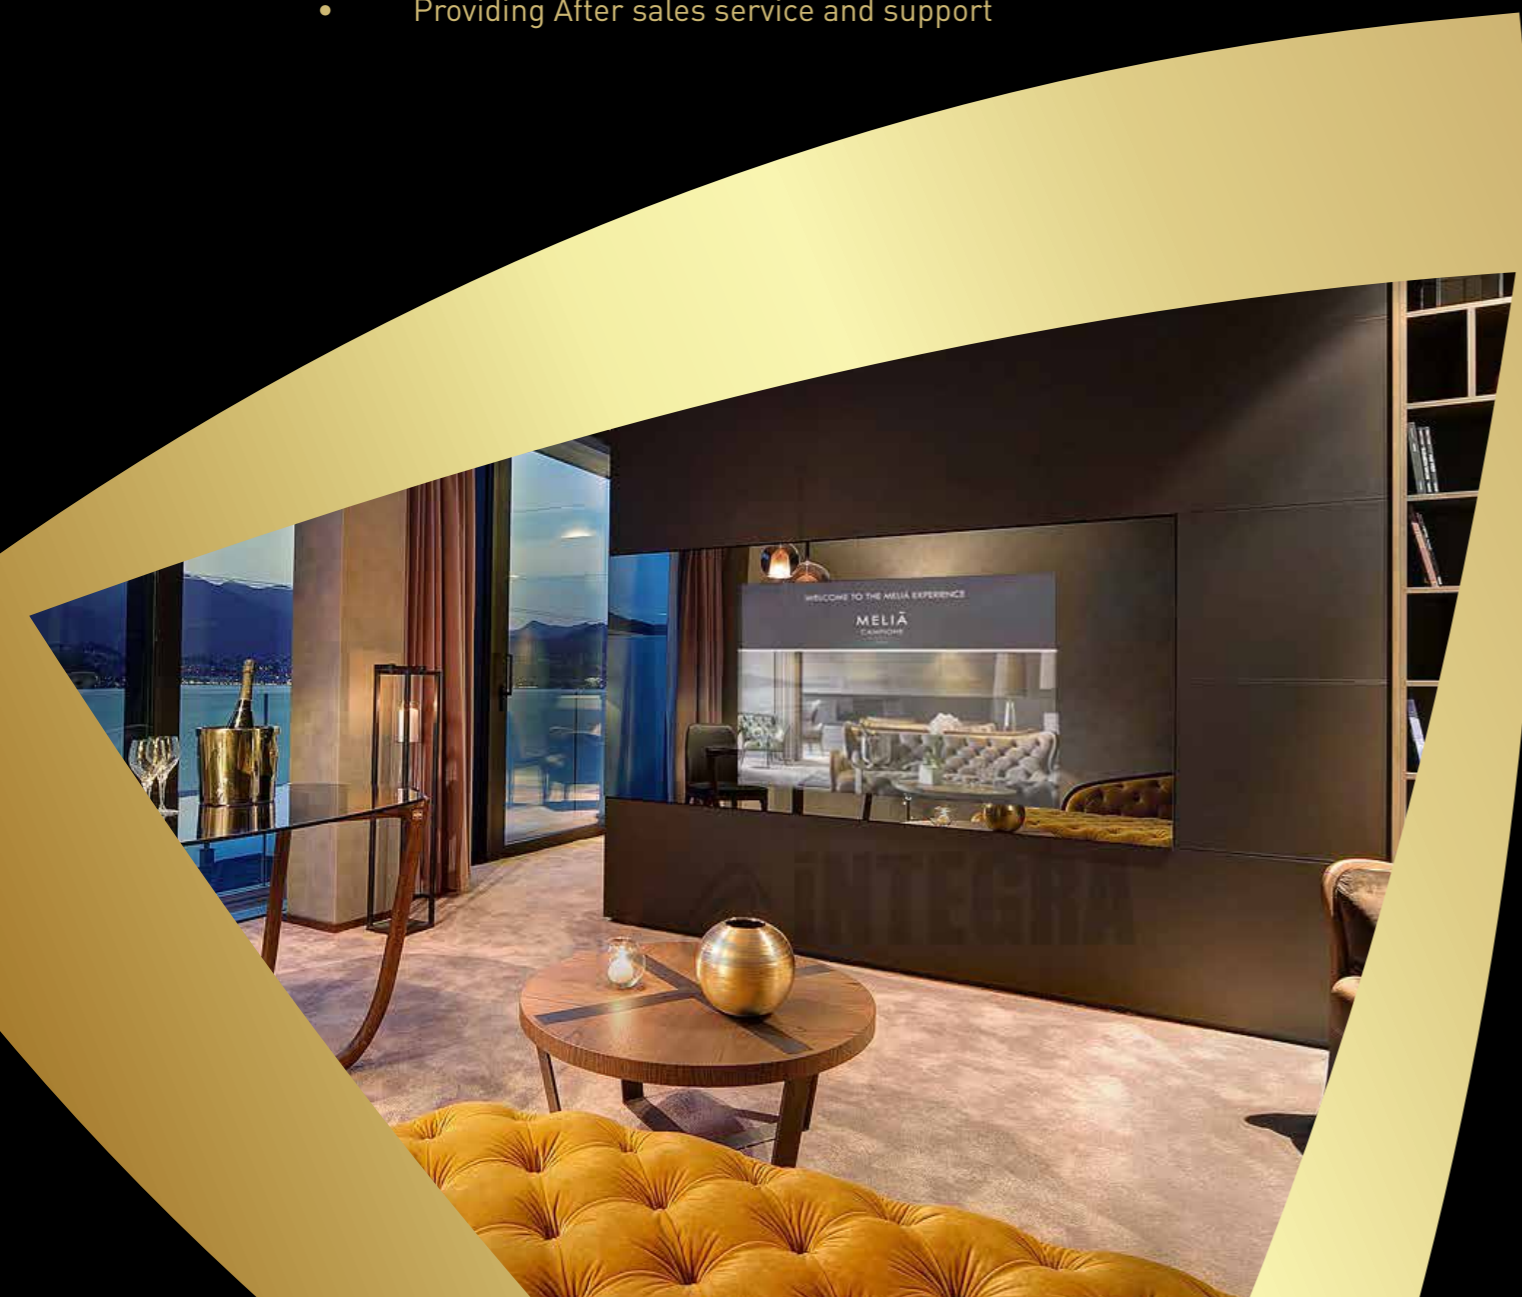

COMMERCIAL

Create a magnificent fusion of design and functionality by integrating Mirror TVs in commercial premises. We have made excellent installations of Mirror TVs installed as backdrops for reception counters and used extensively as a key design feature in conference rooms.

RETAIL

Wow Factor, eye catching and engaging are some of the words used by our clients when they have installed our Mirror TVs in retail environments. Mirror TVs are used as product displays to interactive product demonstration platforms to revenue generating advertising interfaces.

The

COLLECTION

Our service includes value added innovative products for the décor, interior design, hospitality and construction industries. We produce and sell a range of smart appliances that include vanishing Mirror TVs, Waterproof TVs, invisible audio systems, automated furniture systems and, special paints and coating systems for the Glass Industry.
